Please pray for the members of the Transition Task Force in the critical journey of the in-between times that lie before us.

As the TTF starts to analyze results of their studies, they will look for themes or trends that arise with regularity. This will be helpful in planning recommendations for possible changes in focus and structure of our congregation to more effectively carry out our mission.

The Transition Task Force continues to welcome input. Talk to a TTF member, send an email to HTLCTTF@live.com, put a suggestion in the box, attend a roundtable!
