If your meeting/event requires special set-up, please sketch below:

Our normal Fellowship Hall set-up is round tables, which will be used unless you request otherwise.

We also have 6' and 8' long tables (limited supply). Special set-up requests should be discussed with our full-time custodian. Our custodians prefer to set-up for you, but if you should move any furniture, please do not drag tables or chairs across the floor as this severely damages the floor wax. Each group is asked to empty their trash and return items used for your meeting to their proper places. Tables used are to be wiped down and dishes used are to be washed and put away.
